

## Golf Lessons

Our golf professional, Bryan Raines, is an 11 year member of the P.G.A of America and has been teaching individual and group lessons for 16 years. Bryan has an active teaching schedule having taught all levels from beginners to aspiring tour professionals. He currently has (4) NCAA players under his direction. Bryan offers lessons using the ***Sports Cad Video Teaching System***, which enable Bryan to compare your swing with notable tour professionals like David Frost, Brad Faxon, Nick Price, Robert Karlsson, Patty Sheehan and Caroline Pierce. The advantage of the computer teaching system is that you are able to leave the lesson with a much better understanding of your unique swing and the tendencies that the student has that must be overcome to allow them to improve. The technique is an incredible way to learn for the beginner or improve the game of a veteran player.

Lessons are priced at \$60.00 per (1) hour lesson for adults and \$40.00 per (1) hour for juniors. Students may purchase a series of (5) lessons for \$250.00 (adults), \$180.00 (juniors). You may contact the golf shop anytime at (770) 385-0064 to schedule a lesson or sign up for a series.

## Club Fitting / Repair

Bryan is trained and licensed in club fitting and repair and has been consistently rated as a top 50 fitter in America by Mizuno. He fits for all aspects of the game of golf including irons, woods and the short game. All types of repair are available from grips and shaft changes to swing weight and lie and loft adjustment.
